

EDWIN "JAKE" GARN

Explorer (1932 - present)

Garn flew as a pilot with the Navy and with the Utah Air National Guard, and has flown more than 10,000 hours. He also served as a U.S. Senator from Utah from 1974 - 1993. From April 12-19, 1985, he became the first sitting member of the United States Congress to fly in space, aboard the space shuttle Discovery.
